

making a hummingbird feeder

WITH KEVIN ESPIRITU

TIME: 15 minutes

MATERIALS:

- 1 empty soy sauce bottle
- 1 jar or glass
- metal wire
- water
- sugar

MAKING THE NECTAR

1. Using the jar, mix the water and sugar at one part sugar to two parts water. Stir until sugar is dissolved. Set aside.

MAKING THE FEEDER

2. Fill up the empty soy sauce bottle with the nectar. Turn the bottle upside down and wrap it with the metal wire. Hang outside in a shady spot and watch hummingbirds from all over come to your garden.
